

**ADHESIVE TAPES & DIE CUT  
SOLUTIONS HVAC INDUSTRY**

### ALUMINIUM FOIL TAPES

- For general purpose seaming, patching and sealing.
- Highly suitable for sealing off conditioning and cool/warm air flow ducting.
- For sealing joints in ducting providing a flame retardant & vapor-proof barrier.
- Excellent adhesion on dry/clean surface on metal and other surfaces.
- These foil tapes can be applied for both high temperature/low temperatures.
- Size available from 25mm/50mm/75mm/100mm in width to customized length.
- Available from 25 micron, 30 micron, 50 micron and 100 micron in thickness.
- Product application: HVAC duct warp, protective masking and electroplating.

### FSK FOIL TAPES

FSK which stands for Foil Scrim Kraft is used as jacket facing for glass wool, rock wool, PU foam and other insulation to protect them against vapor moisture, in order to work more effectively.

- Use for sealing FSK duct board.
- Excels in demanding temperature and humidity applications.
- Long lasting adhesion on clean/dry surfaces.
- Full bond within 24 hours • With release paper.
- To seal joints in air conditioning industry requiring high strength.
- Products application:- HVAC ducting purpose.

### EVA FOAM TAPES

Use for sealing, bonding, cushioning, protection from dust and mounting purpose. Protects from water, moisture and dust & coated with variety of adhesives.

- Easy and quick to apply on different clean surfaces.
- Various sizes and die cuts available as per customize requirement.
- Great bonding strength with high adhesion and also heat resistance products available.
- Products application:- Permanent fixing of spare parts in refrigerator and other electronic goods and cars.

### DUCT TAPES

AIPL SUNSUI Duct is water proof PE coated fabric tape. It is used for holding, splicing, masking, patching, sealing and seaming purpose. Polyethylene coated cloth backing with rubber adhesive. It has high tack, conform ability, strength and easy tear & It is good for heavy duty application & It is water proof and used in construction industry for AC ducting. Available in silver color, other colors are available against request.

## NBR FOAM TAPES

- NBR foam tape is used for duct gasket insulation purpose.
- This tape is ideal for hot or cold piping and fittings. Due to high flexibility and conformability this tape is used in insulation purpose
- It's Very high sealant to use with Air Conditioning, Duct work
- Connections when flanges are used.
- For Inside A/c Machines, units Air Handling Units as an Air Tight sealant to prevent air leakage, to reduce vibration & Noise.

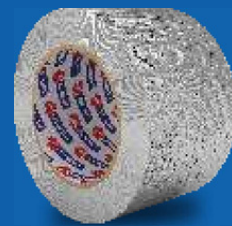

## XLPE FOAM TAPES

- XLPE Foam tape is ideal for hot or cold piping and fittings. Due to high flexibility and conformability this tape is used in insulation purpose.
- General purpose holding, patching sealing applications –indoor and outdoor.
- The tape has excellent flexibility and suitable for Thermal insulation & duct gasket application purpose

## ALUMINUM GLASS TAPES (Alu Glass Tapes)

- Duct board joint and seams; joining and sealing industrial pipe insulation
- Lamination for air conditioning ducting systems
- To Join Foil faced & rock wool
- Roofing Application like flashing ,joints and insulations
- Duct sealing and joining for refrigerator and excellent barrier to vapor
- General purpose holding ,patching sealing applications indoor and outdoor

## SPACER TAPES

- Specially used for aluminum doors, window, steel, aluminum surface and panel fixing.
- Highly suitable thermal insulation thus seal against water, vapor and noise.
- Technical foam coted with exclusive high grade acrylic adhesive to ensure excellent performance.
- Provides high bonding to both the surface.
- This tape comes with liner and made of EVA, PE foams.
- Its application replaces the uses of clips thus avoids labor cost.
- Products application: -Highly suitable for structural glazing as a spacer.

## **ALUMINUM PET TAPES (Alupet Tapes)**

- Lamination for air conditioning ducting systems
- Roofing Application like flashing ,joints and insulations
- Duct sealing and joining-for-refrigerator and excellent barrier to-vapor
- General purpose holding ,patching sealing applications indoor and outdoor

## **OTHER PRODUCTS AND THERE ARE MANY MORE...**

### **BOPP TAPE**

The BOPP tape is available in different colours sizes and thickness. BOPP tape is used for carton box sealing. Printing of Logo also available.

### **HOLDING TAPE**

Specially designed tape for stain and adhesive transfer resistant. Used for temporary holding of doors, frames, glass, etc.

### **WIRING HARNESS TAPE**

PVC Insulating Tapes in various colours. Prot PVC Sheets » Die-Cuts. Double Side Tapes. Joint Tape in blue, black color available. Cloth Base Tape for Engine Compartment.

### **AIPL CONSPICUITY TAPES**

AIPL Conspicuity Tape facilitates the reflection of the incoming light back to the light source. It is not wrong to say that reflective tapes are those unsung safety heroes that quietly help to create a safer environment for everybody.

### About Us

Ajit Industries Private Limited is one of the flagship company in the country engaged in manufacturing of "PRESSURE SENSITIVE SELF ADHESIVE INDUSTRIAL TAPES" since 1998. The Company was incorporated at Delhi by the promoters having several years experience in the field of various type of Self Adhesive Industrial Tapes. The company is equipped with a "State of the Art" manufacturing facilities at its plants located near Delhi at Kharkhoda in Distt. Sonipat (Haryana), Bhiwandi (Mumbai) and Special Economy Zone Chennai for exports with a combined spread over 28000m2 facility.
