SAFETY/PROTECTION

Safety Netting

We manufacture safety nets for use on construction/infrastructure projects. They serve a dual purpose - arrest fall of personnel working at height on construction projects, and at the same time prevent debris or any other object from falling from a height.

Features :

- No Knot Slippages
- Heat Set that gives a better dimensional stability
- UV Stabilized resulting in better durability against exposure to Sunlight
- Test Report with State of the art testing facilities

Specifications

- Made from PPMF/Nylon/HDPE Twine
- Mesh Size: 100mmsq /60 mmsq/ as per the requirement
- Machine made nets
- Dimensions- As per the requirement

Types

- Triple Layered Safety Nets - Fall Arrest and Debris Arrest
(Three different layers of netting combined together to provide triple safety for high rise construction sites)
- PPMF Knotless Safety Nets - Human Fall Arrest
(Certified as per EN 1263 -1 :2002 Certification- Nets can be supplied with complete fabrication and handling/ mounting instructions as per applicable standards)

Class	Energy Absorption Capacity (KJ)	Mesh Size (mm)
A1	2.3	60
A2	2.3	100
B1	4.4	60
B2	4.4	100

- Safety net with containment nets - Debris Arrest
(These nets can be used on construction sites for debris arrest)
- Nylon Knotted Safety Nets - Various Safety Applications
(These are UV stabilized high strength nylon nets used in material handling, bay nets, amusement parks, theatres and various other applications)

SAFETY/PROTECTION

Gangway Netting

We offer high quality Gangway netting that provides superior safety and protection. It is firm and impact resistant.

Features :

Uniform mesh size provides firmness

UV stabilized to enhance life

Firm Fabrication leading to proper secured splicing or lashing at corners

Resists high impact

Customization Options :

Available in various sizes as per customer requirement

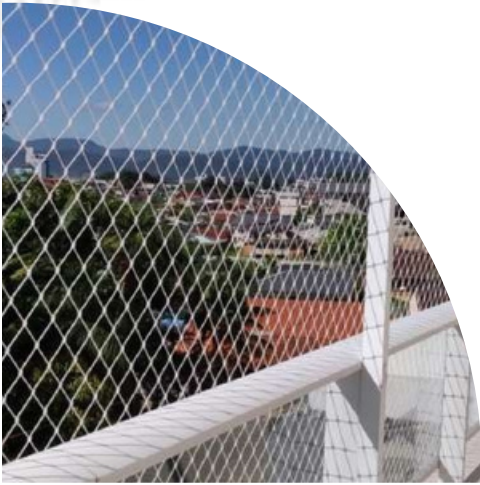

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Braided	4	60 - 100	As per Requirements	Blue/Lona Green /Moly Orange

SAFETY/PROTECTION

Balcony Netting

GTFL provides high quality balcony netting that can be used as protection nets. It is UV treated to make it highly durable.

Features :

- Minimum joint points
- Light Weight
- High Strength and Durability
- UV Resistant
- Good Ventilation

Customization Options :

Available in various sizes as per customer requirement

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Twisted	2	50	As per Requirements	As per Requirements

SAFETY/PROTECTION

Bird Protection Net

GTFL provides high quality bird protection nets that can be installed in big stadiums, airports and large buildings. These nets are durable and resistant to weather and abrasions.

Features :

Abrasion Resistant

Very Durable

Weatherproof

High strength to weight ratio

UV stabilized

Tailormade and customized as per requirements

Customization Options :

Available in various sizes as per customer requirement

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Twisted	1	19 - 125	As per Requirements	Black
HDPE	Twisted	1.5	40 - 100	As per Requirements	Black
HDPE	Twisted	2.5	25 - 80	As per Requirements	Black

SAFETY/PROTECTION

Pet Enclosure Nets

GTFL provides high quality pet nets that can be customized according to the pet enclosure designs. These nets are abrasion resistant and highly durable.

Features :

- Light Weight
- High Strength and Durability
- UV Resistant
- Good Ventilation

Customization Options :

Available in various sizes as per customer requirement

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Twisted	1	19	As per Requirements	Black

SAFETY/PROTECTION

Hammer Nets

We offer high tenacity safety nets for hammer throwing. It can be easily installed to the cages/frames. It can be customized as per requirements.

Features :

- UV Treated
- Very Durable
- Weatherproof
- Tailormade and customized as per requirements

Customization Options :

Available in various sizes as per customer requirement

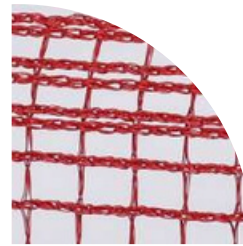

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
PPMF	Knotless	5	45	As per Requirements	Black/Blue/Green

SAFETY/PROTECTION

Fencing Net

We provide high quality fencing nets that can be used in any open area or sports fields. Fencing Nets enables you to construct a portable outfield quickly and efficiently. These nets will be available with pole pockets. The vinyl pockets are spaced every 10' allowing for uniformity and stability.

Features :

Light Weight
High Strength and Durable
UV Resistant

Customization Options :

Available in various sizes as per customer requirement

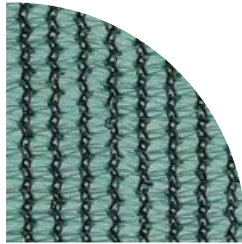

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Knotless	1	10	As per Requirements	Green/Red/Blue/Black

SAFETY/PROTECTION

Privacy Screens

We offer Privacy Screens that serves multiple purposes. It can be used by athletes for practices, as well as by any household that would require privacy. It offers utmost privacy with protection from wind and dust as well.

Features :

Abrasion Resistant

Very Durable

Weatherproof

Tailormade and customized as per requirements

Customization Options :

Available in various sizes as per customer requirement

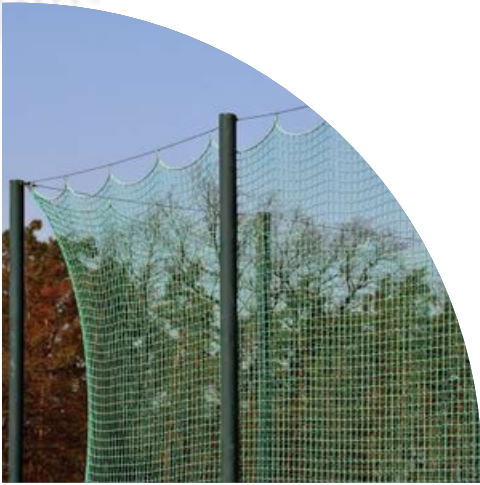

Specifications

Material	Type	Blockage	GSM	Dimensions	Colour
HDPE	Knotless	90 - 99%	140 - 165	As per Requirements	Black/Green

SAFETY/PROTECTION

Boundary Netting

We provide high quality boundary nets that can be used for multiple purposes. It is UV treated for higher durability and better outdoor usage.

Features :

Light Weight

High Strength and Durability

UV Resistant

Customization Options :

Available in various sizes as per customer requirement

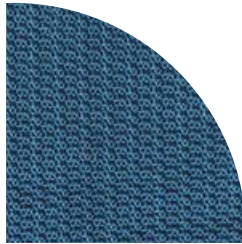

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
HDPE	Braided	2.5	30	As per Requirements	As per Requirements
HDPE	Braided	3	60	As per Requirements	As per Requirements
HDPE	Braided	3.25	45-130	As per Requirements	As per Requirements
HDPE	Braided	3.5	100	As per Requirements	As per Requirements
HDPE	Braided	4	60	As per Requirements	As per Requirements
HDPE	Braided	4.5	130	As per Requirements	As per Requirements

SAFETY/PROTECTION

Archery Nets

GTFL offer high quality archery netting that can be used as backstops. It is highly durable and provides a superior performance in stopping arrows.

Features :

Very Durable Weatherproof
Tailormade and customized as per requirements

Customization Options :

Available in various sizes as per customer requirement

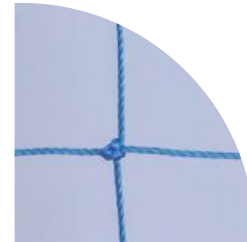

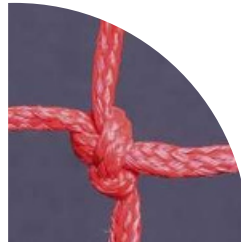

Specifications

Material	Type	Twine Dia (mm)	Mesh Size Square Mesh (mm)	Dimensions	Colour
Nylon	Knotless	210D/6 PLY	3	As per Requirements	Natural White/Green
Nylon	Knotless	210D/6 PLY	5	As per Requirements	Natural White/Green

SAFETY/PROTECTION

Ski Nets

To ensure safety for Skiers and prevent hazardous accidents, GTFL offers a range of Ski Nets.

Features :

- UV Stabilized and good colour fastness
- High Tenacity
- Waterproof
- Heat Stabilized nets with strong knots

Customization Options :

Available in various sizes as per customer requirement

Specifications

Range	Type	Colour	Twine Dia. (mm)	Mesh Size (mm)	Length (mtr)	Height (mtr)
Type A	Braided	Red/ Blue	5.0	50/70/100	25	4
Type B	Braided	Red/ Blue	3.5	50/70/100	15/20	1.3/2
Type C	Twisted	Red/ Blue	2.5	125	25	1.2

Accessories:

- Border Ovelock Stitched with PE twine
- Border Overlocked with 12 mm Bolt Rope
- Nylon Thimbles on the corners

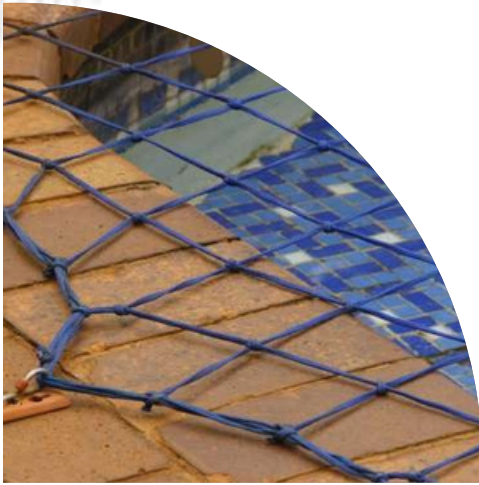

All our Ski Nets are tested at our in-house laboratories for all the critical parameters and supplied with factory certifications

SAFETY/PROTECTION

Pool Cover Nets

GTFL offers swimming pool cover nets help protect children from open swimming pools. Specifically designed as a barrier to swimming pools.

Our pool cover nets are made from high quality HDPE twine available in standard colours of Black, Blue or any any other colour.

Features :

Specially designed twine to make a strong net

Good knot tightness

UV Stabilized net for outdoor use

Available in Dimensions as per request

Specifications

Twine Dia.(mm)	Type	Colour	Mesh Size Sq. Mesh (mm)
4	Braided	Blue / Black / Any	85 / 100 / 110
5	Braided	Blue / Black / Any	85 / 100 / 110

SAFETY/PROTECTION

Mountaineering Ropes

GTFL offers mountaineering static ropes that can be used for rapelling (abseiling) and slithering applications.

Features :

- High strength
- Assured safety
- Better grip & rope geometry
- Non-hockling
- Light weight & easy to handle
- Low abrasion
- Longer life

Customization Options :

Available in various sizes as per customer requirement

Specifications

Nominal Diameter (mm)	Breaking Strength (kgf)
8	1360
10	1800
12	2760
14	3780
16	4190
18	5650
